Miss Amy Boynton
Chairman of Day Nursery Committee
Lodi, California

My dear Miss Boynton,

At the suggestion of Miss Rice I am writing a formal application letter for the position of director of the Lodi Nursery School.

I graduated in March, 1941 from Iowa State College at Ames, Iowa, with a B.S. degree in child development. I attended school there for the four years. References as to my work at school may be obtained from Mrs. M.E. Sather, Home Economics Placement office, Iowa State College.

In September of 1941 I organized my own private nursery school in Stockton. I consider that the experience of handling all phases of the work is particularly valuable. Included are, enrollment and publicity, parent conferences, record keeping, finances, supervision of janitor and gardner, designing, selection and care of equipment and actual supervision of the children at all times.

The following parents of some of the children will be glad to give you their impressions of my work.

Mrs. Arthur Foote

Mrs. John Zuckerman
Schwartz Lane 2-4428

Mrs. Irving Goldman

Mrs. J. K. Wever

I can be contacted for personal interview if necessary at my residence.

Yours truly,
Joanne Schumacher

Miss Amy Boynton,
Lodi, California.
Dear Miss Boynton:

I am interested in the position of supervisor in your day nursery. I feel I have good qualifications, background and experience for the position.

First of all I have a keen interest in children. I have had fourteen years of public school teaching. Ive had special training in kindergarten and primary work. I taught primary grades several years; I taught departmental work thru the grades; helped with social and dramatic functions in H.S.; worked on an Indian Reservation, serving hot lunches, teaching industrial arts and 4-H Club work to the Indian children. Im especially interested in character study and individual differences in both children and adults.

For the past three years Ive been employed by the University of Calif. here. I was head of the Women's Checker and Supply room at the swimming pool. At present I am employed as helper in the Bact. Lab.

I hold a diploma granted by the Lewis Hotel Training Schools Wash. D.C. which adds much to one's training for such a position. I have several College Courses in Home

Economics to my credit.

I can furnish recommendations from my present employer, also from superintendents, principals and directors connected with my previous positions.

I shall appreciate any information you may offer as to making formal or personal application.

Yours truly,
Mrs. Cora Tilley.

Dear Miss Rice:

Your most inviting letter arrived on Monday afternoon. Had I the slightest premonition that my name was being considered as a possible applicant for a summer position in the day-Nursery School Project, my summer plans would not have been so previously cemented.

The cause is a truly worthy one, and you, Miss Rice, are to be praised and congradulated for your splendid interest and fine cooperation which have helped to make the project a reality.

Your considerate interest on my behalf is greatly appreciated. Perhaps, at some future date, I shall be free to be of some assistance to you.

Very sincerely,
Mrs. A. L. Herrin

Dear Mrs Strange,-

I saw in the paper where they were going to start a day nursery for children, whose Mothers are working. I wondered if I couldn't take charge or assist with it. I have had quite a lot of experience with children. I knew I could write to you and find out something about it. I would appreciate any kind of work like that. I like to be with children.

Thanking you for this
and all past favors
Very sincerely yours
